

DATA CATEGORY	Activity	Timeframe
Facility/Point	Provide State/Local/Tribal Agencies (S/L/T) List of Priority Pollutants/Facilities (posted on 2011 webpage)	June 1, 2012
Onroad and Nonroad	Post instructions and 2011 default inputs for onroad (MOVES model) and nonroad (NMIM model). Open window for S/L/T to submit	July 30, 2012
Facility/Point	Post Emission Factors (site/unit specific and avg) that are not in AP 42 as reference data for S/L/T	first set: June 1, 2012 --Boiler MACT site-specific test-based EFs added Aug 27, 2012
Nonpoint	EPA <u>DRAFT</u> 2011 Agricultural Burning Emissions (nonpoint) -- will cover lower 48 states. (Revised expected in November 2011)	August 1, 2012
Nonpoint	EPA 2011 Industrial fuel combustion and Institutional/Commercial fuel combustion ACTIVITY values with instructions on how S/L/T would use for point reconciliation to create their own nonpoint estimates for these categories	August 1, 2012. <i>Re-post state-specific zip files with enhanced tools/directions for point source subtraction, weeks of Sept 24 and Oct 1.</i>
Events	Run Smartfire to Produce <u>DRAFT</u> 2011 EPA Events inventory (Prescribed/wildfires) - this will include all 50 states. Inclusion of PR, VI depend on activity data coverage. Notify S/L/T of data availability and begin S/L/T review of Smartfire inputs/emissions.	September 1, 2012
Nonpoint	EPA-estimated 2011 emissions available for nonpoint categories: EPA-estimated emissions (2011 or carried forward) available for nonpoint categories: asphalt paving (cutback and emulsified), Aviation gasoline distribution stages I and II, Non-wood residential heating, Residential wood combustion, Oil & gas production, Paved and unpaved roads, Mining and quarrying, Gasoline Distribution stages I and II, Agricultural tilling, human cremation, dry cleaning, commercial cooking, open burning (yard waste, household municipal waste, and land clearing debris), portable fuel containers, construction dust (residential, road, and commercial), architectural coatings, industrial surface coatings (all kinds), consumer solvents, pesticide application (commercial and residential), publically owned treatment works (potw), fertilizer application, agricultural livestock. hg categories: dental preparation, lab activities, lamp breakage and recycling	begin posting June 15, 2012 and try to finish all by October 31, except for oil and gas which is expected to be available December 2012
Point	EPA 2011 Landing and Takeoff data available for S/L/T review	review period: Sept 14-Oct 15 2012
Facility/Point	EPA-estimated 2011 EGU emissions - only for Mercury and Air Toxics Rule (MATS) units for Hg, acid gas, metal haps and lead, and for units with ICR part iii-tested PM2.5. EPA is considering using these recent estimates ahead of SLT data depending upon SLT emissions calculation method/comments. File will also include NOX, SO2 from CEM from these units where available from CAMD's database.	October 31, 2012
Facility/Point	Request S/L/T assistance in targetted improvements of facility inventory data, possibly to include: design capacity, SCC, release parameters	TBD
Point/Nonpoint	EPA-estimated 2011 rail emissions (including railyards and rail lines) and commercial marine vessel (CMV) emissions	October 30, 2012
ALL	Ask regions to help us outreach to Agencies we haven't gotten data from yet or are not complete	Oct, Nov, Dec
Nonpoint	EPA REVISED (from August version) 2011 Agricultural Burning Emissions (nonpoint) -- will cover lower 48 states	November 12, 2012
Point	EPA-estimated aircraft emissions	December 1, 2012
ALL	S/L/T DATA SUBMITTALS to EIS including Emissions, NMIM (nonroad-only) inputs and MOVES inputs	June 1, 2012-Dec 31, 2012
	2011 EIS Submission Window Closed	December 31, 2012
Point/Nonpoint	PM Augmentation	January 31, 2013
ALL	Provide feedback to S/L/T on data completeness and outliers	February 15, 2013
Nonpoint	Nonpoint review/reconciliation of EPA nonpoint with S/L/T submitted data --- make sure no overlap of nonpoint and review potential overlaps with point	February 15, 2013
Point/Nonpoint	Chromium speciation	February 15, 2013
Point/Nonpoint	HAP Augmentation (gapfill missing HAPs via use of HAP to CAP ratios) - point and nonpoint	February 15, 2013

DATA CATEGORY	Activity	Timeframe
Facility/Point	TRI Augmentation	March 15, 2013
Events	Run Smartfire using updated inputs, load EVENTS into EIS	March 15, 2013
Facility/Point	Load other available datasets into EIS (depending on funding may use 2008 data), potentially to include EPA rule data, Nevada Gold mines	March 25, 2013
Onroad	EPA estimates for onroad, loaded into EIS	March 25, 2013
Nonroad	EPA estimates for nonroad, loaded into EIS	March 25, 2013
ALL	EPA run selection for all data categories in EIS for 2011 draft	March 26-31, 2013
ALL	DRAFT 2011 For Agency Review -- Data to be "released" in EIS only (i.e., not posted for public) and Window Open	March 31, 2013
ALL	2011 EIS Submission Window (for revisions based on Agency Review) Closed	April 30, 2013
Facility/Point	Outlier Analysis for updated data	May 31, 2013
ALL	Redo PM, HAP, TRI augmentation and chromium speciation, if needed	May 31, 2013
ALL	2011 NEI Public Release	June 30, 2013
